Document: #HT000049

Document Title: Tilt A T-1000 Bagger

Product(s): T-1000

Procedure:

Have two people hold the ends of the Bagger so that it doesn't tip. Using a 1/4" Allen Wrench, loosen the two Socket Head Bolts on the Base Clamp Blocks (one on each side) of the Bagger.

Tilt to the desired position

How To

Service Documents from APPI

Tighten the Socket Head Bolts (both sides).
