### Controls and Uses:

**Counter:** Displays Total Count, press Reset to Zero Count

**Seal Light:** Turns on when Bagger Seals a Bag

**Heat Light:** Turns on when Heater Bar is heating. *Note: Light may turn on and off when in use.*

**Seal Time Increase:** Tap Button to increase Seal Time or to make a better Seal.

**Seal Time Decrease:** Tap Button to lessen Seal Time. If you are melting thru the bags, tap repeatedly to get a good seal.

Temperature Controller

The **Omega Temperature Controller** is factory set and should not require any adjustment.

The seal on the bag is controlled by the **Seal Time** and **Seal Cool** only.
