Document Title: How To Activate a Ti-1000ZR Printer

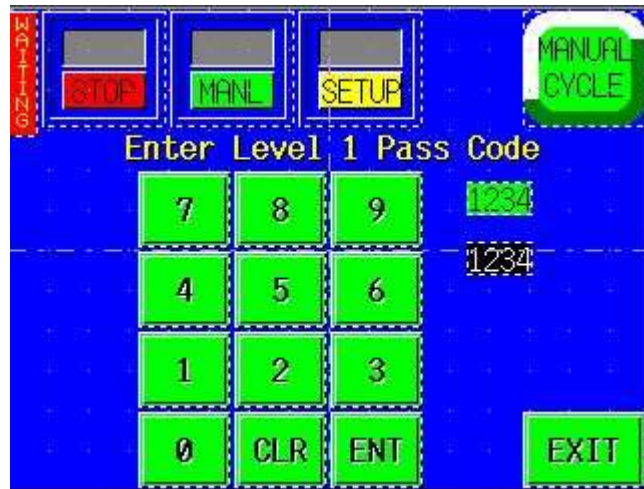

Product(s): Ti-1000ZR Printer

Procedure:

Go to Main Menu

Press Technical Assistance

Input Code 1001 and press Enter on the Keypad

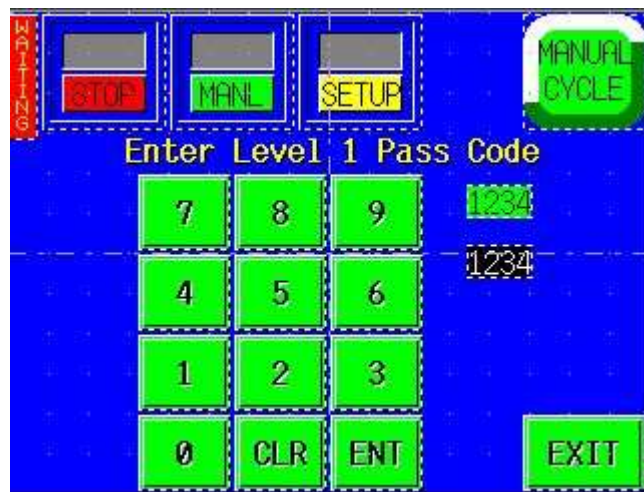

Press Option PassC

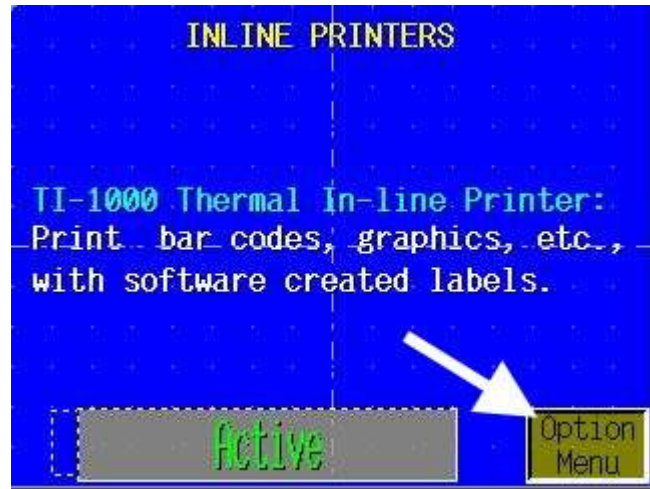

Press Printer Ti1000

Press Activate Option

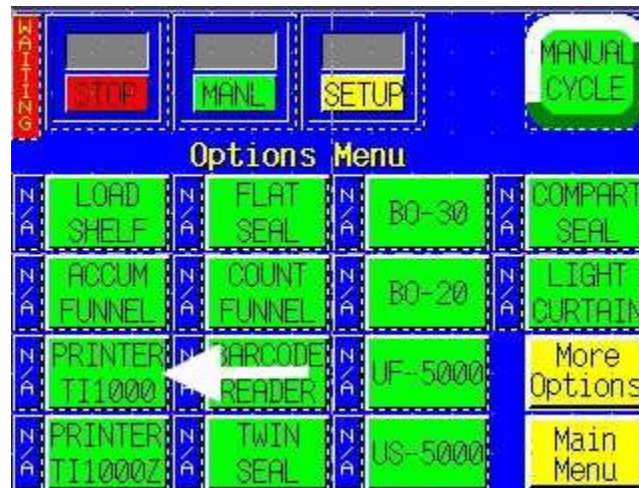

Input Code 1003 and press Enter on Keypad

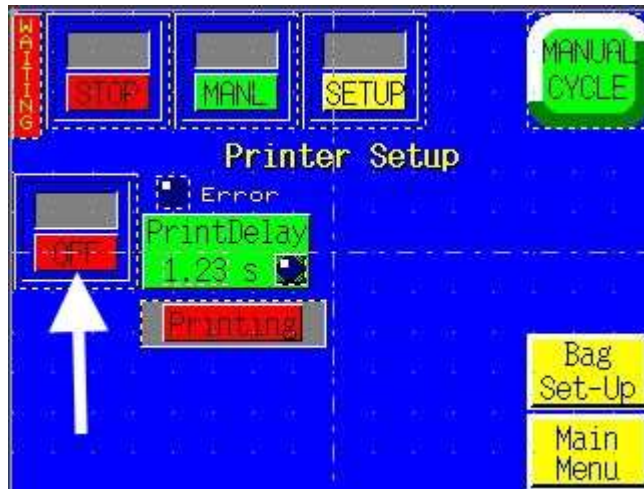

Yellow Activate Button should turn Grey and now say Active

Press Yellow Option Button

The Printer TI1000 Button should say OFF in Red to the left of the Button

Press Printer TI1000 Printer Button

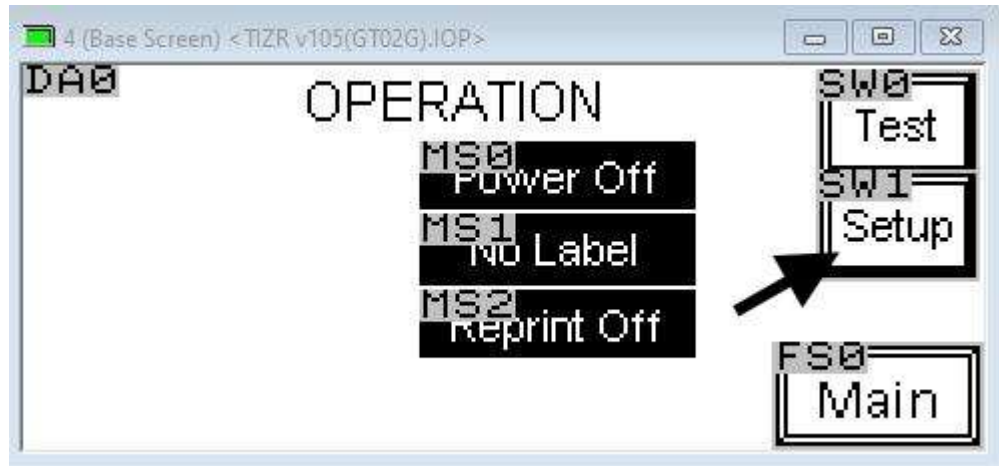

Press Red OFF Button to Toggle to Green ON

The RED Printer Error will be displayed when the T-1000 Bagger is switched from Stop Mode to Start Mode

Go to the Green Ti-1000ZR Touch Screen and press Set-up to toggle to RUN Mode

Touch the Red Printer Error Screen to clear the Red Error Screen

Load Labels to the Printer the No Label Button will display Labels

The printer is now ready.

Place the T-1000 bagger in Start, Manual, Run and press the Green Manual Cycle Button

The bagger should cycle, and the printer should print a label.
