Document Title: How To Prevent Ribbon Rewind Fault

Product(s): T-375

Procedure:

Go To Main Menu / Technical Assistance

Code 1001

The screenshot shows a blue background with a red vertical bar on the left containing the text 'WAIT'. At the top, there are three buttons: 'STOP' (red), 'MANL' (green), and 'SETUP' (yellow). To the right of these is a 'MANUAL CYCLE' button with a 'P' icon. Below the buttons, the text 'Enter Level 1 Pass Code' is displayed. A numeric keypad with buttons 0-9, 'CLR', and 'ENT' is shown. To the right of the keypad, the pass code '12345' is entered and displayed. An 'EXIT' button is located at the bottom right. The bottom right corner of the screen has a small '12' icon.

APPI Factory

The screenshot shows a blue background. At the top left, it displays 'TS Version: 123(T7S)' and 'PLC Version: 123'. To the right, there is a 'STOP' button. Below this, a text box contains the following information: 'For technical assistance contact our service department:', 'Advanced Poly-Packaging Inc.', '1331 Emmitt Road', 'Akron, OH 44306, USA', and 'Phone: (330) 785-4000'. At the bottom, there is a menu with eight buttons: 'Main Menu', 'Bagger Pass Code', 'Bagger Factory', 'Printer Status', 'License Status', 'PLC Info', 'Option Activation', and 'APPI Factory' (which is highlighted with a red border). The bottom right corner of the screen has a small '12' icon.

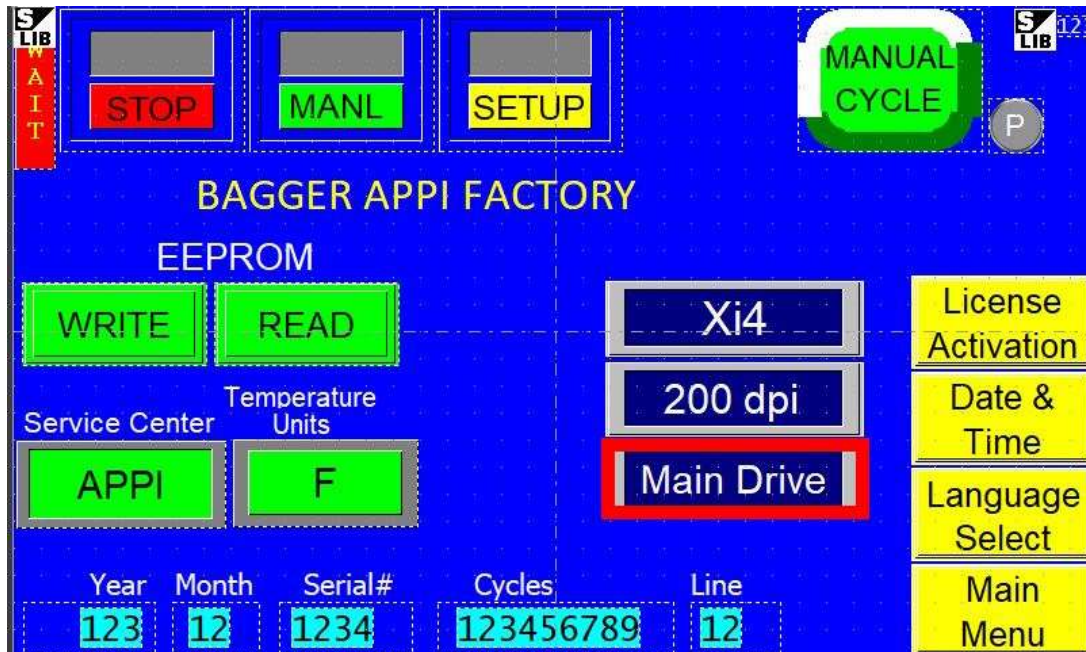

Code 9001

The screenshot shows a blue background with a red vertical bar on the left containing the text 'WAIT'. At the top, there are three buttons: 'STOP' (red), 'MANL' (green), and 'SETUP' (yellow). To the right of these is a 'MANUAL CYCLE' button with a 'P' icon. Below the buttons, the text 'Enter Level 1 Pass Code' is displayed. A numeric keypad with buttons 0-9, 'CLR', and 'ENT' is shown. To the right of the keypad, the pass code '12345' is entered and displayed. An 'EXIT' button is located at the bottom right. The bottom right corner of the screen has a small '12' icon.

The Button should display Main Drive.

If the Button displays Driven Roller, press Button to toggle to Main Drive.

Press the Green Write Button twice.

The Ribbon Rewind Fault should no longer be displayed in the Printer Operation Screen and the bagger should cycle.
